

Dear participant,

We would like to guide you on how to submit your presentation and videos **files**, as many of you are having trouble attaching the file to the system.

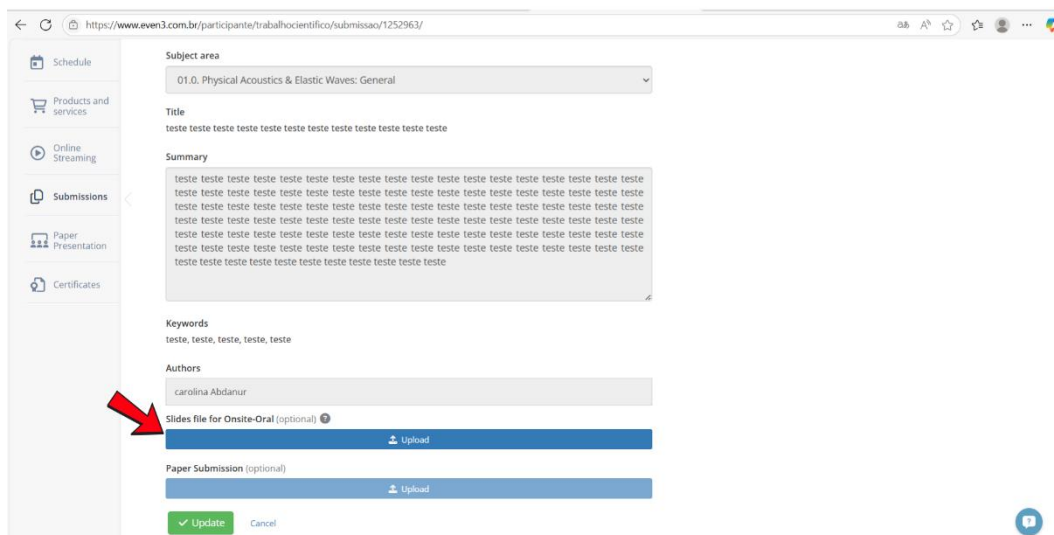

We recommend accessing the system via

<https://www.even3.com.br/participante/trabalhocientifico/>

After logging in, your work screen will appear as shown in the image below:

When you click on **view**, a page will open for you to view your abstract information, as shown in the image below. You will have the option to submit a presentation file for your paper:

To confirm that the file has been submitted, the word 'Baixar' will appear. Remember to click 'Update' to complete the process.
